

Amended Claims – Clean Version of Changes Made

1. (Once Amended) A method for extracting information from a file, comprising:
processing a file with a printer driver module to generate a representation having a modified format for output by a printer; and
extracting information from said representation.

8. (Once Amended) A set of instructions residing in a storage medium, said set of instructions capable of being executed by a processor to implement a method for extracting information from a file, the method comprising:
processing a file with a printer driver module to generate a modified file having a modified format for output by a printer; and
extracting information from said modified file.

15. (Twice Amended) A system for extracting information from a file, comprising:
a cataloging device, said cataloging device including a processor adapted to be connected to a computer readable memory;
an extraction application module included within said computer readable memory;
an extraction printer driver module included within said computer readable memory,
the extraction printer driver module to convert printing instructions from the extraction application module into a format for output by a printer;
a searching application module included within said computer readable memory, the searching application to search for information from the converted printing instructions; and
a database adapted to be connected to said cataloging device.

18. (Twice Amended) An apparatus for extracting information from a file, comprising:
a processor;
a computer readable memory connected to said processor;

an extraction application module included within said computer readable memory;
an extraction printer driver module included within said computer readable memory,
the extraction printer driver module to convert printing instructions from the extraction
application module into a format for output by a printer; and
a searching application module included within said computer readable memory, the
searching application to search for information from the converted printing instructions.
